SUMMARY

Junior Product Designer with 4 months of professional experience and 2+ years of combined internship/freelance expertise. Focused on 0 to 1 product development in AI, EdTech, and SaaS, with a track record of optimizing transactional flows and reducing drop-offs.

EXPERIENCE

Product Designer | Aumraa | [Prototype](#)

Mar 2026 - May 2026 | Haryana, India

- Designed **15+ end-to-end product flows** - discovery, onboarding, Panchang, Puja booking, reminders, My Pujas for a B2C Faith-tech mobile app, owning the full journey from ambiguous brief to pixel-accurate handoff.
- Facilitated collaborative bi-weekly reviews with engineering and product teams to refine transactional flows, ensuring design feasibility and technical alignment.

Product Intern | BrandContext

Oct 2025 - Feb 2026 | Remote (Singapore)

- Worked on enterprise and retail technology experiences for clients including Google, Sony, Sephora, and Victoria's Secret, collaborating with external stakeholders and cross-functional teams.
- Contributed to PRDs, product discovery, UX flows, UI iterations, and QA Evaluation, including an AI-powered voice-to-form workflow designed to reduce manual form entry.

UI Design Intern | NioPractice | [Live Work](#)

Dec 2024 - Jan 2025 | Remote

- Redesigned the Practice Hub and Dashboard information architecture to simplify exam preparation, reduce cognitive load, and make topic-level practice easier to navigate.
- Introduced guided learning, difficulty-based progress tracking, and multimodal AI-assisted explanations, contributing to a **28% increase** in test completion and **35% growth** in daily active users across GATE and JEE modules.

User Experience Designer | Clean 4 Wheels | [Casestudy](#)

Jan 2025 - Jun 2025 | Delhi, India

- Redesigned the booking-to-confirmation transaction flow, simplified a 9-step process to 5 steps, designed error states, empty states, and retry logic, reducing drop-off and cutting support queries with **40% faster task turnaround time** in booking.
- Built and documented a scalable design system in Figma covering typography, color tokens, and reusable components for consistent UI across a multi-role web platform (customer, washer, admin).

User Experience Design Intern | KnowYourColleges | [Live Work](#)

Jun 2024 - Aug 2024 | Remote

- Conducted research and prototyping for the college discovery platform, reducing navigation complexity and increasing user task success rates by 20%.

Designer | Software Incubator (SDC-SI) | [Live Work](#)

Oct 2023 - Jan 2026 | Ghaziabad, India

- Collaborated in a 43-member Agile team to deploy 3+ student platforms, reducing pre-launch interface bugs by **15%**.
-

PROJECTS

[Doorstep Beauty](#) | Mobile Beauty Services Platform

- A mobile beauty-service booking app designed to make discovering and booking at-home salon services; it reached 1K+ downloads with a 5-star Play Store rating.

[Buzzr](#) | AI-Powered Classroom Quiz Platform

- Designed a gamified real-time quiz experience that improved classroom participation by 30% for 10,000+ students across workshops.
-

SKILLS

- **Design:** User Research, Design Thinking, Journey Mapping, User Flows, Information Architecture, Wireframing, Interaction Design, Prototyping, High-fidelity UI, Usability Testing, Design Systems, Accessibility, Developer Handoff, HTML, CSS, GitHub.
 - **Tools:** Figma, Framer, ProtoPie, Webflow, Jira, Notion, Slack, Google Workspace, Google Analytics.
 - **AI-assisted Design & Prototyping:** Claude, ChatGPT, Gemini, Figma Make, Relume, Lovable, Rive.
-

EDUCATION

- **Ajay Kumar Garg Engineering College** | Bachelor of Technology, Computer Science Engineering (Nov 2022 - Jul 2026) | Ghaziabad, UP
 - **Google UX Design Professional Certificate** | Coursera (Completed 2023)
-

AWARDS

- **SIH 2024 Winner** | Ministry of Education, ISRO-SAC, Govt. of India
-

INTERESTS

- Sketching, Trekking, and a love for rasogulla.
